Report Of Program

A lecture on Importance of nutrition on dental health was organized by Army College of Dental Sciences, Secunderabad on 13 Apr, 2021 at 1100 hrs for all the teaching and staff, PG and UG students. Dr. Krishna Priya, Professor, explained the audience explaining the students about the importance of nutrition on dental health. She emphasized on healthy eating habits and its importance for oral health. Also, she explained how poor nutrition can lead to various oral diseases and can affect the systemic health. Inadequate nutrition can affect the oral health including dental caries, periodontal diseases, diseases of oral mucosa and infectious diseases. Overall, it was a very interactive and educative program wherein 56 people attended it. The program was conducted in Sushruta auditorium. And it came out to be an effective program attended by 55 people.

Awareness Program On Gender Sensitization (Equality Has No Gender)

A talk on the topic “Awareness program on gender sensitization” was organized on 11-09-2020 in Army College of Dental Sciences premises in LH4. The event started with some fun activities that included drawing characters like firefighters, nurses, and police officers and then participants were asked what made us see these roles as gender. The second part of the program included some important information on why is gender sensitization important? Why pronouns are specific now? Etc. Students were also shown an “introduction about Transgender people” National center of the transgender community. The host gave a speech and the session was ended in a very interesting and interactive manner. Students were participating and asking their doubts openly. The entire motto of the event was to build an environment that accepts each and every individual with open arms throughout the event one agenda was repeated that equality has no gender.

Program Report

Women's Health was the focus of an event held at ACDS. Students from the first year performed a skit on the same subject, depicting the situations of women in rural and urban areas, as well as some health issues. There was an open discussion about how the government should take action to improve the medical conditions of women. An intern gave a presentation that included a graphical representation of changes in women's health issues. Dr. Subramanya Sharma, Principal of ACDS, delivered the closing remarks.

Program Report On Women's Self Defence

Army College of Dental Sciences organized a talk on the self-defense program for women on 24-01-2020. The event was inaugurated by registrar ACDS followed by a warm welcome speech and requested the chief guest Chairman Army dental corps to assist him in lighting the lamp. The talk was primarily focused on the importance of self-defense for women to be able to protect themselves against anything that's unacceptable in terms of social conduct. Also, the importance of women's empowerment to lead a healthy and fulfilling life by encouraging them to deal with stressful and dangerous situations independently, a discipline which transfers over to all other areas of life a helps woman be calmer, understanding, flexible, gain body and mind control, be more responsive than reactive, more observant, and achieve cognitive awareness. Self-Defense programs are also a fun way of exercising and building a healthy body, thereby improving physical and mental health.

Staff and students attended the Program on women's Self Defence

World Health Day (Eat Right, Be Bright!)-Program Report

On the occasion of World Health Day, Dr. Sanjay Vasudevan, Professor and Head, Department of Periodontics, addressed the students and staff of Army College of Dental Sciences in the college auditorium on April 9, 2019. He discussed the shift in the mindset of today's youth, who are more concerned with exercising than with eating properly. He emphasised the significance of proper nutrition. Principal Sir recognised the significance of proper nutrition and presented Dr. Sanjay Vasudevan with a college memento. The students were encouraged to eat a fresh and healthy diet as much as possible, with an emphasis on avoiding fast food and increasing consumption of a nutritious diet.

Women's Self-Defense Program

The need of the hour for the girls and women in the society is to safeguard themselves against violence committed against them. Army College of Dental Sciences organized a Self-defence program for women on 24-08-2017. It was felt that student welfare can strengthen the girl students for their self-protection and women empowerment. Due to the increased crime rate in the country, it is mandatory for all girls and women to know basic self-defense techniques and should be confident about themselves there is nothing more empowering than having the confidence to analyze a dangerous situation and take actions to overcome them effectively. Students were given a demonstration of self-defense techniques and tricks to enhance their overall wellbeing. All the girls of undergraduates and postgraduates and non-teaching staff also actively took part.

Professional Ethics In Dentistry

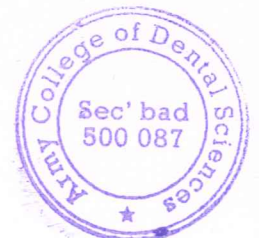

Army College of Dental Sciences, conducted a lecture on ' **Professional Ethics in Dentistry**' on 9th May 2017 from 11:00 AM to 12:00 PM. All the faculty members, post graduates and undergraduates registered for the program and attended it in the college auditorium. The prime agenda was to assess and inculcate good human values and ethics in the children budding into professional. Dental ethics would mean **moral duties and obligations of the dentist towards his patients, professional colleagues and to the society**. These help support autonomy and self-determination, protect the vulnerable and promote the welfare and equality of human beings.
