Dear Sir,

This is **Philomin Raj**, president of **Rotary Club of Sainikpuri (RCS)**.

Once again my deepest gratitude to you for supporting us in the recent blood donation camp on September 9th 2021 with 66 donors from ACDS students and staff.

As part of our signature project, Thalassemia Care and Support, we would like to conduct an awareness seminar on Thalassemia by the Chief Doctor and Secretary of **Aarohi Blood Bank (ABB)**, Dr. Aditi Kishore. Since Thalassemia is caused only when both the parents are Thalassemia-Minor, its spread can be contained by avoiding marriages between two Thalassemia-Minor persons. There is an easy way to get if one is a Thalassemia-Minor by taking a simple blood test called HPCL. Youngsters must be guided in this direction, so that they can take this test and avoid possible marital arrangement between 2 Thalassemia-Minors and potentially giving birth to a Thalassemic offspring. In our awareness seminar, the doctor would bring awareness of this important point and guide youngsters to make this world Thalassemia-free. Accordingly, we would request you to permit us to organize such an awareness seminar in your campus, targeted to students, on a convenient day for you.

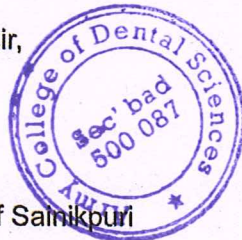

We request you to kindly grant permission for this and to take part in making this world better.

Thanking you very much sir,

Sincerely,

RTN. PHILOMIN RAJ
